**DECLARATION OF SMALL BUSINESS CONCERN**

Terri Jondahl declares that she is the Chief Executive Officer of:

**Innovatec Medical Corporation  
4061 Chamblee Road  
Oakwood, Georgia 30566  
(A Georgia Corporation)**

and she is authorized to execute this declaration on behalf of said corporation.

The following identified application for patent and the invention disclosed therein have been assigned to said corporation:

Inventors: Roy Abell and Michael C. Hardy

Title: **"METHOD AND APPARATUS FOR DELIVERING A COLONIC LAVAGE"**

Serial No.: 09/557,495

Filing Date: April 24, 2000

Said corporation is a small business concern for the purpose of paying reduced fees to the United States Patent and Trademark Office under 35 U.S.C. 41(a) and (b), in that said corporation and all of its affiliates employ less than five hundred persons at the present time and averaged less than five hundred employees during each of the pay periods of the last fiscal year. Said corporation has not assigned, granted, conveyed or licensed, and is under no obligation under contract or law to assign, grant, convey or license, any rights in the invention of said application to any person who could not be classified as an independent inventor if that person had made the invention or to any concern which would not qualify as a small business concern or non-profit organization under this Section.

I acknowledge that once said corporation has assigned, granted, conveyed, or licensed, or comes under an obligation to assign, grant, convey or license, any rights to the invention to anyone who could not likewise obtain status as a small entity, said corporation will no longer be entitled to pay to the U.S. Patent and Trademark Office in the amount established for a small business concern.

I hereby verify that all statements made herein of my own knowledge are true and all statements made on information and belief are believed to be true, and further that these statements were made with the knowledge that willful false statements and the like so made are punishable by fine or imprisonment, or both, under Section 1001 of Title 18 of the United States Code, and that such willful false statements may jeopardize the validity of said patent application or any patent resulting therefrom.
